LEGACY

HONESTY. INTEGRITY. LOYALTY. QUALITY

From a small store front building on Central Avenue in Newark, New Jersey, the Garfunkle legacy was born. With little money, a tremendous amount of knowledge and the determination, Eleanor (known as Ellie) and Morris (fondly known to all as GAR), started their amazing journey.

Chair product by chair product, barstool element by barstool element; they were determined to seek out a living. Their product was built better. They were immensely loyal to the few clients they had always looking to secure their trust with honesty and integrity.

Let's fast forward to 2025. Here we are in Lakewood, NJ in a 102,000 sq. foot state of the art facility where the legacy continues. We have never strayed from our core values of honesty, integrity, loyalty, and quality.

Start your journey into our continued legacy and always remember:

COMMITMENT

OUR PROMISE TO YOU

CORE VALUES

A lot has changed over the years, but the one thing that never will is our enduring commitment to delivering quality and value in each product that we manufacture.

QUALITY

According to the dictionary, "In business, engineering, and manufacturing, quality has a pragmatic interpretation as the non-inferiority or superiority of something. It is also defined as being suitable for its intended purpose while satisfying customers expectations." What a perfect description of our product line. We build in a reliable, maintainable and sustainable fashion.

AUTHENTICITY

With over 65 years experience, GAR has learned to manufacture seating with a statement. Furniture with a flair for now without forgetting the past. Our statement for today.

HONESTY

Honesty permeates our relationships, processes, and products. As GAR always said, "Build with structural conviction and never compromise the truth"

INTEGRITY

Strong moral and uncompromising ethical principles and values. The word evolved from the latin adjective "Integer", meaning whole or complete. The value, beliefs, and principles of GAR best describe us as a leading manufacturer of commercial seating.

INNOVATION

New ideas, refreshed versions, daring to dream. We have created better solutions to deliver state of the art products. The ability to have a positive impact on the future of our marketplace. Our engineering mantra is "For every action, there is a reaction." Mr. GAR drilled that into our heads. We must build for the unknown. Unfortunately, our product may not be used for its intended purpose. We must over manufacture. We must over design. We must over engineer. Our innovations are dictated by our marketplace to meet the growing customer demand. It is definitely a catalyst for growth. Entrepreneurs continuously look for better ways to satisfy their customer with the first and foremost, improved quality, durability, service and price. GAR prides itself on advanced technologies and innovative organizational strategies.

Always remember,

"GREAT CONVERSATIONS START HERE"

FINISHES

LACQUER FINISH COLOR OPTIONS

GAR Products® offers many models with a Lacquer Finish which is pre-finished overseas and varies from model to model based on the country of origin of our frame builder. Due to the difficulty in maintaining lacquer finish consistencies across multiple sources, GAR Products® will not be responsible for finish variances. Please contact customer service for an image or a sample chip.

UV FINISH COLOR OPTIONS

NOTE: Some UV colors are listed as premium options due to the amount of touch up time required to run. There is an additional \$70 list charge per piece using a premium UV finish.
